

Tri-Ped®

**Saves valuable time
and thousands of
dollars in repairs or
replacement**

**Attaches to any tripod
or bipod and anchors
each leg with weight
and non-slip tread**

**Minimizes the risk of
damage to instruments
on hard surfaces and
in strong winds**

**Rugged design,
resistant to heat,
rain, and other
harsh elements**

**Stabilizes
instrument with
minimum error on
back site checks**

**If you own a tripod,
you need Tri-Ped®**
